

Ratepayers' Meeting Here Tomorrow Night

The annual ratepayers' meeting will be held in the Cliff hall on Friday evening of this week. Financial statements and auditors' reports have been printed and will be circulated at the meeting.

Present members of the Council and School Board will be present to review the work of the year and answer any questions the ratepayers may ask.

Nominations for Councilors and trustees will be held in the town hall on Monday February 2nd, and should an election be necessary the same will be held the Monday following.

C.P.R. May Give Sugar Beet Rate

Developments in the negotiations as to rates between the Utah-Idaho Sugar Company and the Canadian Pacific Railway are such as to lead the factory committee to feel relieved over the general situation.

The silence was broken by the receipt of a wire by James Walker of Raymond from F. Love, traffic agent of the Utah company, to the effect that this wire was fully digested at a conference of sugar factory board members at Raymond.

From Mr. Love's wire it is learned that the C. P. R. had the sugar company a definite proposition as to rates. This offer the sugar company deems fair. Coupled with their refusal, the company suggested the Montana rate scale which is in force before the C. P. R. It is believed by the committee that the railway company will accept the Montana rate. This is said to be 40 cents a ton.

ALBERTA SPRING LAMBS BRING GOOD PRICE

Unprecedented prices for lambs are being established these days of prosperity for flock-owners of Southern Alberta. According to information gathered Tuesday, a Lehigh sheep outfit, Jensen Bros, have contracted their entire crop of spring lambs for handling firm for 14 cents a pound, a record price. They have 1,700 head on their feet but at the Lehighville stock yards, a good percentage of which are ready to be turned out. Deliveries will begin at an early date, and continue from time to time until spring.

Imagination, Humor, Kindness, Athletics Attributes to Success

But Real Success Rarely Obtained Except Through Individual Effort, Says E. W. Beatty.

There are many explanations to every success in life, but the rule in which accidents, good fortune, seem to have played a great part is a boy's or man's life. In the main, real success is probably rarely obtained except through individual effort. In addressing the students of Lower Canada College recently, E. W. Beatty, chairman and president of the Canadian Pacific Railway, enumerated as qualities and attributes of successful success, work, self-reliance coupled with modesty, loyalty, imagination, humor, studied thought and human kindness.

"If I were to pick for you the most admirable quality possessed by the students of this college, I would say that it is that of loyalty; loyalty to your university, to your country, to your province, to your school, to your parents, to your friends, to your community, to your country, to your world."

"The third quality that I would mention is self-reliance, and I think that it is probably one of the outstanding characteristics of the Canadian young men. The field of athletics, Mr. Beatty continued, is the most helpful contributor to the spirit of self-reliance and has cultivated the other virtues of the student."

"The last quality that I would mention is humor, and I think that it is probably one of the outstanding characteristics of the Canadian young men. The field of athletics, Mr. Beatty continued, is the most helpful contributor to the spirit of self-reliance and has cultivated the other virtues of the student."

May Improve Plant At Brick and Coal

Messrs. W. A. Williams and M. T. Gundersen, of Minneapolis, two directors of the Brick and Coal company, have been in town last week looking over the plant and are seriously considering making extensive improvements to both the mine and the brick plant so as to be in a better position to loan after the increased business which is anticipated throughout the west this year.

The brick plant is now getting everything ready to start manufacturing brick next Monday and it is expected that constant operations all through the summer. A full staff has been engaged for this purpose.

Ottawa mail train is leaving with trucks, oil tanks and sleighs loaded with gasoline these days. Eight large international trucks are continuously plying between there and west No. 4. They run all day and the greater part of the night. Fisher Bros, garage is their base of supply. A large room is being installed in the new building at the right temperature.

Says Ginger Group Will Not Join Caucus

Although their differences have been burnt and they will co-operate in the legislative work, the caucus of the "Ginger" group in the house of commons is not held by any means, although this interpretation was placed in some quarters on the resolution passed by the U. Y. A. convention in Calgary last Thursday.

E. J. Gairdner, one of the leading members of the "Ginger" group, one of the ten Alberta farmer representatives in parliament is reported to have said that he and his colleagues would not join the Progressive party caucus and place themselves under the leadership of Lord Forbes M. P.

"We are not a parliamentary unit," Mr. Gairdner said. "We will not join any caucus. Of course, at times it may be found necessary to join a conference with another party."

The caucus of opinion in political circles was that the federal members had pledged themselves to nothing as yet, and were waiting for the results of principles. The "Ginger" group, however, was not so easily won over. Robert Gairdner, George Gairdner, and Henry Gairdner, the other Gairdners from this province.

"I am not a parliamentary unit," Mr. Gairdner said. "I will not join any caucus. Of course, at times it may be found necessary to join a conference with another party."

The caucus of opinion in political circles was that the federal members had pledged themselves to nothing as yet, and were waiting for the results of principles. Banks Agree to 6 Per Cent. Interest

George Headley, minister of agriculture, yesterday announced the decision of the Alberta Provincial Association of Co-operative Credit Societies that the provincial treasurer, who was authorized to represent the banks, had agreed to a 6 per cent. interest rate.

"I am not a parliamentary unit," Mr. Gairdner said. "I will not join any caucus. Of course, at times it may be found necessary to join a conference with another party."

Gordon Memorial L.A. Elects Officers

The annual business meeting of the Gordon Memorial Ladies' Aid Society was held on January 27, when the following officers were elected: President—Mrs. Woodcock. Treasurer—Mrs. H. Champ. Secretary—Mrs. G. Dunnell. Sewing Committee—Mrs. McIlhenny. Social Committee—Mrs. McIlhenny. Musician—Mrs. McIlhenny. Visiting Committee—Mrs. Woodcock. Mrs. Stretcher. Mrs. Leamouth. Flower Committee—Mrs. A. Leamouth.

After cards, a musical program was rendered and refreshments were served. The program was brought to a close with a dance.

These social evenings are now becoming so popular that another one will be held on Thursday, February 26, to which all are invited.

Refuse Permission To Bring Danish Hogs

To settle doubt which has existed for some time in the minds of the breeders of Alberta as to whether the standard of hog set by the federal authorities was not too extreme, the province has refused to permit the importation of hogs from the Danes. The grade of bacon demanded by the province is such that it is not possible to import hogs from the Danes. The grade of bacon demanded by the province is such that it is not possible to import hogs from the Danes.

Mr. Headley had previously arranged with Prof. Morheberg, livestock commissioner of Denmark, and a brother of the late Mr. Morheberg, to import hogs from the Danes. The grade of bacon demanded by the province is such that it is not possible to import hogs from the Danes.

Successful Social In St. Ambrose Hall

Last Thursday evening's whist drive and social evening held in St. Ambrose hall, was the most successful held so far this season. The hall was packed to capacity to accommodate the large crowd in attendance and all those who enjoyed the evening entertainment. Progressive whist was first played. In this competition was keen and excitement prevailed till the winners were announced as follows: ladies, first, Mrs. McGilroy, second, Mrs. Freda Bellale, Mrs. E. Osagood and N. Willis secured the consolation.

After cards, a musical program was rendered and refreshments were served. The program was brought to a close with a dance.

These social evenings are now becoming so popular that another one will be held on Thursday, February 26, to which all are invited.

May Heat \$2.20 Winnipeg Yesterday

The most sensational and wildest market ever experienced on the Winnipeg stock exchange yesterday with prices of stock rising to a high of \$2.20, with a range of seven cents, was known outside of war years. At 11:30 a.m. the market was at \$2.20, with a range of seven cents, was known outside of war years. MUNICIPAL AFFAIRS

AS is usually the case at this time of the year, when annual ratepayers meetings are called, with elections for town councillors and trustees closely following, there is the usual scurrying around to find candidates to fill the any vacancies which may need filling on election Boards. As is also the usual case those interested always experience considerable difficulty in getting men to stand for these positions.

The trouble has always been, then, those concerned do not want to run the necessary campaign in time. It is always left till the last minute and the result is that few are prepared either through lack of qualifications, or indifference to public affairs, to offer themselves as candidates.

Such apathy on the part of ratepayers or citizens of any community does not augur well for the progress, success or development of any community.

The time to get interested in the government of one's town or community is on the first of January each year, and that interest should be kept up throughout the year. This could easily be accomplished by means of some organization apart from the council, the object of which would be to meet frequently, talk over local affairs, develop and stimulate interest in all lines pertaining to the social, moral, intellectual, sporting and business welfare of the community. In this way talents and information necessary to qualify one for public service could be developed.

One great trouble at the present time is the difficulty to get business men to serve on public boards of any kind. This is a mistake. Every man owes something of his time, talents and ability for the service of his town and community and which he is making his living. Unfortunately it often happens that those who are those of the best thing are the least willing to act.

This being the case it is wonder that many towns and communities are not making progress they otherwise would.

THE NEW GAS RATE

IN this issue the Canadian Western Power and Fuel Co. announce that on and after the first day of April next, the price of gas to domestic consumers will be twenty five cents a thousand cubic feet, instead of twenty cents as it has been in the past.

It will be remembered that last fall the Company made application to the Board of Public Utilities for permission to raise the price of gas. At that time the Board held a sitting in Medicine Hat for the purpose of going in to the gas situation here to see if the advance in price asked for by the company was justifiable. After due consideration the Board allowed an increase of five cents a thousand, and same to become effective on and after the 26th of January last, if the company so desired.

That the company did not take advantage of this ruling and put the increase into effect on the 26th of this month is very much to the credit of the local officer of the gas company, who knows existing conditions in town at the present time, did not wish to place additional burden on many

homes, the heads of which have not been having steady employment. For their thoughtfulness in this connection the general public will, no doubt, feel deeply grateful.

Even when the increased rate is put into effect, it will not be a serious matter for gas users in Redcliff as the new rate will still be, as pointed out by the Utilities Board, the lowest of any place on this continent.

A NATION-WIDE CHURCH

INDIVIDUAL distinctions are repeatedly being drawn by anti-Unionists between the Presbyterian congregations voting for and against entering the United Church of Canada. Anti-Unionist leaders are trying to explain away the fact that over 80 per cent of the congregations all over Canada are voting for entering the Union, while less than 20 per cent of those voting so far have decided to remain out. An attempt is being made to prove that a part is greater than a whole, or, that the 179 congregations which have voted to go with the Presbyterian Church into Union.

It is true that a large number of those voting to enter the Union are small congregations; but this can scarcely be avoided since the vast majority of the congregations in the Presbyterian Church in Canada are comparatively small. Would anti-Unionist friends restrain these smaller congregations from voting and have the question of their going in or staying out of Union decided by the majority vote of the larger churches? Such a policy would destroy the unity of both the Church and the State. If applied to commerce, it would bankrupt our industrial centers.

J. L. WRIGHT

B. C. FARM FOR SALE—40% acres, on good road one mile from station, 600. School quarter, church half mile. Mail route at the door. 30 acres in timothy, alfalfa and clover, one acre of raspberry and some prune and cherry trees. Six acres ready for grain crop this year. All cleared but about half an acre. Good hay shed, barn and chicken coop. Small house and enough lumber to build addition. Farm all fenced and cross fenced. Owner also has five milch cows, young stock, chickens and full equipment for running farm. For price and particulars apply at Review office.

It is estimated by the Provincial Department of Agriculture, that there are now 100 beekeepers in Alberta and that the production of the past season

THE REDCLIFF REVIEW

Extraordinary Construction Feat at Famous Mountain Resort

Right, the shell is under construction. Left, the core has been built. The construction work is now in progress. The building is being built on a steep slope, and the workers are using heavy machinery to move the material. The building is being built in a series of stages, and the workers are working on the core of the building. The building is being built in a series of stages, and the workers are working on the core of the building. The building is being built in a series of stages, and the workers are working on the core of the building.

One giant redwood tree, recently in Oregon, provided lumber to build 50 ordinary bungalows.
